Experience

Morpheme Webnexus Pvt. Ltd — <https://www.webnexus.in/>

MERN Stack Developer

Gaur City, Greater Noida

11/2024 - Present

Company specializing in MERN stack development

- Developed and deployed scalable MERN stack applications with dynamic role-based access
- Integrated serverless architecture using AWS Lambda and modern CI/CD workflows
- Collaborated with product and design teams to build performant frontends and APIs

AB MSAI RESEARCH LABS PRIVATE LIMITED — <https://www.msai.in/>

MERN Stack Developer

Pashchim Vihar, New Delhi

03/2024 - 10/2024

Artificial Intelligence Solutions Provider

- Developed a MERN-based website for Thepnac.com, mirroring the functionality of the Create theme
- Implemented responsive design for OD project, ensuring optimal user experience across all devices

HOUSE OF VSB — <https://www.linkedin.com/company/house-of-vsrb/?originalSubdomain=in>

MERN Stack Developer

Saket, New Delhi

09/2023 - 02/2024

Exemplifying excellence in luxury craftsmanship and timeless sophistication

- Designed and developed a user panel with robust APIs for a project similar to astrotalk.com
- Managed and enhanced the Shopify store for skins.in

Shaligram Infotech — <https://www.shaligraminfotech.com/>

Software Developer

Ahamdabad, Gujrat

02/2023 - 08/2023

Information Technology and Services

- Designed and developed responsive web applications using MERN
- Collaborated with the team to design and implement RESTful APIs using Node.js and Express.js
- Developed and maintained databases using MS SQL Server

Projects

TorahAnytime

<https://torahanytime.com/>

Religious media and donations platform

- Managed project workflow: assigned tickets, reviewed PRs, merged code, and deployed to production
- Contributed as lead developer: resolved issues, guided team, and delivered new features

Nosotrus

<https://develop.nosotrosonline.com/>

LMS for Spanish education

- Built interactive dashboards for admins, schools, teachers, parents, and students
- Set up CI/CD with Bitbucket, integrated Sentry, Codecov, Jira, and Slack

FamilyOne

<https://family.one/>

Family discount and networking platform

- Registered and linked families to business discount networks
- Performed API load testing and implemented AI chat support with Intercom

ShowTrail

<https://showtrail.app/>

Coupon promotion platform

- Extended FamilyOne platform for a coupon-sharing ecosystem
- Built automated customer support using Intercom workflows

BikeShopShippers

<https://bssfront.hireacoder.in/us>

Logistics management platform

- Built logistics dashboard for bulk shipping management
- Set up CI/CD and GitHub boards for release tracking

Real Estate

real-estate-d1ad.onrender.com

Real estate platform

- Developed using Node.js, Express.js, MongoDB, Firebase, React.js, Redux, and REST API
- Provides tools to track the dynamic real estate market
- Supports property owners in renting and selling, aids buyers in finding properties

Perk

Event management platform

- Created a custom PDF editor for event layout mapping
- Built serverless event registration and layout management system

SmartBiz

Event management platform tailored to business onboarding

- Developed sector-specific dynamic form system for onboarding businesses

E-commerce Platform (MERN Stack)

E-commerce platform built from the ground up

- Designed and implemented a fully functional e-commerce website from scratch
- Integrated secure user authentication, real-time product updates, and payment processing
- Engaged in teamwork with developers, implementing Agile methodologies to ensure timely project delivery
